ActiVend

Designed for all types of locations

- ✓ Snack-Only, Drink-Only & Combo Vending Machines
- ✓ Eco-Friendly Power Saving Technology
- ✓ Simple To Operate, Accept Coins-Notes-Cards
- ✓ Remotely Monitored

ACTIVEND vending machines feature the latest “green” technology including eco-friendly Energy Star 2 refrigeration, the thickest foam insulation on the market, power saving LED lighting and quiet running 240V operation with motor-pairing for multiple machines. Wide dimension glass frontages make it easy to select from the product display. “Smart” technology accepts coins and notes (offering change) and cards. LCD touch screen panels and large keypads allow for instant selection of products. Items are delivered quickly and gently

with special sensor delivery technology or non-gravity robotic arms. Nothing could be easier. Choose a single machine offering snacks, healthy food choices and drinks. Or one with food products and a second providing an extensive drink selection. The choice is yours.
